

Recommendation Letter

To whom it may concern,

I am pleased to recommend Marwan Abdelaal, who completed the FlyRank AI Internship Program from July 1, 2026 to September 7, 2026 in the role of Back-End AI Engineering Intern.

During the program, Marwan completed 35 practical assignments applying curriculum in API contracts, Task design and prompting, Retrieval and grounding, and Evaluation and operations.

The program record documents at least 469 hours across practical assignments, accepted capstone work, program meetings, learning resources, and verified Anthropic Academy courses.

As the culminating project, Marwan completed "LLM Usage Metering & Billing Service," which was reviewed and accepted by the lead track mentor.

Participation also included 44 attended program meetings, 56 completed learning resources, and 20 verified Anthropic Academy courses.

Based on this verified completion record, I recommend Marwan for opportunities aligned with back-end engineering and applied AI systems.

The approved internship specialization was Backend AI Engineering; the independently qualified completed tracks were AI Fluency, Backend AI Engineering.
